Profile

Dedicated and analytical professional with a strong background in data analytics and a passion for delivering data-driven insights. I have almost 3 years of Data Analyst experience.

WORK EXPERIANCE

DATA ANALYST | CPAGEMINI | DECEMBER 2021 - CURRENT

- Conducted extensive data cleaning and filtering to remove irrelevant or inaccurate information.
- Designed and developed data models that transformed raw data into structured datasets using Microsoft BI tools, including Power BI, SQL Server, Azure Data Factory, Azure blob, Azure Synapse, Azure Databricks.
- Performed exploratory data analysis to identify patterns, trends, and correlations, enabling data-driven insights.
- Collaborated with cross-functional teams to understand business objectives and formulate data-driven solutions
- Presented findings and insights to stakeholders in a clear and concise manner, facilitating informed decision-making.
- Used Tableau to create interactive visualizations that facilitate understanding of complex data
- Organized and analyzed diverse data sets from multiple platforms to identify key insights that informed product strategy and improved business processes.
- Implemented process automation which saves 50000 rupees yearly.

DATA ANALYST | AR TRONICS | MAY 2021 – NOVEMBER 2021

- Managed and handles Client data
- Cleaned and prepared data for dashboard
- Created dashboard using tableau and Power BI tools for data tracking.

Education

BACHELOR OF ENGINEERING IN ELECTRONICS | MAY 2021 | THAKUR COLLEGE OF ENGINEERING AND TECHNOLOGY, MUMBAI, MAHARASHTRA

DIPLOMA IN COMPUTER ENGINEERING | APRIL 2018 | GOVERNMENT POLYTECHNIC MUMBAI, MUMBAI, MAHARASHTRA

Achievements

Implemented process automation which is helping save 50000 Rupees yearly. For this I was recognized and awarded.

Skills & Abilities

- Data Analysis
- Python
- SQL and No-SQL
- Data Visualization
- Exploratory Data Analysis
- Communication
- Azure Databricks
- Azure data Factory
- Tableau
- Power BI
- Machine learning
- Microsoft Azure
- Data Modeling
- Leadership
- Apache spark
- Azure Synapse
- ETL

CERTIFICATES

- AZ-900: Microsoft Azure Fundamentals
- (06/2023 - 06/2023)
- Google Data Analytics (02/2023 - Present)
- Data Visualization with Tableau (12/2022 - 03/2023)
- Machine Learning with Python (08/2022 - 10/2022)
- IT fundamental for Cyber Security (03/2022 - 05/2022)
